## **Prepare Space for Incoming Gifts**

You can either store them away in closets or purchase storage bins or baskets specifically designed for storing gifts until they are ready to be opened on Christmas Day.

## **Arrange Your Coat Closet to Prepare for Your Guests**

If you expect guests who will stay overnight at your home during the holiday season, make sure to [arrange your coat closet](#) accordingly so they have plenty of space to hang their coats without having them get lost in a sea of jackets and scarves.

## **Prepare for Guests**

Don't forget about preparing guest rooms/bathrooms/living spaces if family members or friends decide to stay over during their visit! Ensure beds are made, bathrooms are stocked with towels/toiletries, living spaces are cozy and warm, etc., so everyone [feels right at home](#) when visiting – even if only briefly.

## Declutter and Arrange Receipts and Documents Digitally

Another great way to get organized before Christmas arrives is by decluttering all receipts and documents that may have accumulated over time. You can either organize them into folders or scan them digitally, so they are easier to access when needed (and also [save valuable shelf space!](#)).

## Ask Family Members to Help

Don't try taking on all these tasks alone! Reach out to family members who could lend a hand – whether it's helping with shopping errands or [deep-cleaning certain areas](#) of your home – so everyone has more free time during this special season!

## Get Your Kitchen Ready for Baking and Hosting

Last but not least, it's important that your kitchen is ready for baking and hosting events during this festive period.
